Experienced Composite Fitter

We are looking for an Experienced Composites Fitter to work in our very busy fitting workshop.

The Role

- Working within the fitting department to trim and fit components / moulds for ongoing projects across a broad range of industries.
- Working from technical drawings, instructions and route cards.
- Trimming and bonding of composite assemblies
- Use of fixtures and jigs
- Fettle patterns and moulds
- Cutting and bonding of pattern materials
- Maintain a clean and tidy working environment.

About you

- A practical thinker, good at identifying problems and finding solutions.
- A thorough person with very good attention to detail and a good communicator.
- A team player who motivates people and encourages efficient team working.
- Ability to follow procedures and work instructions / manuals.
- Motorsport / Automotive composite experience highly desirable.
- Presents a professional company image.

Qualifications, knowledge and skills

Essential

- Must have a minimum of 2 years' experience.
- Have previous experience of working with hand tools.
- Be able to demonstrate the ability to work to tight deadlines.
- Be able to work with minimal supervision.
- Have a 'can do' attitude as well as a keen eye for detail.
- Be able to read and interpret engineering drawings.
- Be able to use manual metrology equipment applicable to a machining environment.
- Be able to balance multiple work requirements efficiently and effectively.
